

SECOND WORKSHOP

RARE BENIGN HEMATOLOGICAL DISORDERS

17–19
MARCH
2023

Park Hotel Kaylaka
Pleven

SCIENTIFIC PROGRAM

Friday, 17. 03. 2023

17:00–17:10	Opening <i>Moderator: Prof. Dobrin Konstantinov</i>
17:10–17:20	History of Hemophilia <i>Prof. Dobrin Konstantinov</i>
17:20–17:40	History of Thalassemia <i>Dr. Ivaylo Hristov</i>
17:40–18:00	Digital Medical Devices as a part of the care for patients with Benign Hematologic Disorders <i>Dr. Atanas Banchev</i>
18:00–18:20	Access to Gene Therapies: Key Issues in evaluation and reimbursement <i>Assoc. Prof. Georgi Iskrov</i>
18:20–18:40	Hemophilia B – how it differs from Hemophilia A <i>Dr. Tihomir Zhivkov</i>
18:40–19:00	Mild Hemophilia A – approaches to therapy <i>Dr. Denka Stoyanova</i>
19:00–19:20	Discussion
20:00	Dinner

Saturday, 18. 03. 2023

09:15–11:00	Scientific Session HEMOPHILIA /part I/ <i>Moderators: Prof. Dobrin Konstantinov, Dr. Daniela Penkova</i>
09:15–09:30	EAHAD 2023 – Highlights <i>Dr. Atanas Banchev</i>
09:30–09:50	Surgical Interventions in hemophilia patients with and without Inhibitors <i>Dr. Antonio Gavrilovski</i>
09:50–10:15	Patient-Approach in the endoscopic prosthetic replacement of the shoulder joint <i>Dr. Daniela Penkova</i>
10:15–10:30	Two cases of inhibitory hemophilia <i>Dr. Evgeniya Shurliieva</i>

10:30–10:50	Application of non-specific procoagulant agents in hemophilia patients <i>Dr. Dorothea Todorieva</i>
10:50–11:00	Discussion
11:00–11:15	Coffee Break
11:15–12:40	Scientific Session HEMOPHILIA /part II/ <i>Moderators: Dr. Atanas Banchev, Dr. Violeta Deyanova</i>
11:15–11:25	Sexual Health in hemophilia patients <i>Dr. Atanas Banchev</i>
11:25–11:45	Genetic profiling in bulgarian patients with Hemophilia A and B – Cases from our practice <i>Prof. Albena Todorova</i>
11:45–12:00	Laboratory monitoring of hemophilia A patients on routine prophylaxis with Emicizumab <i>Dr. Ali Bedran</i>
12:00–12:10	Emicizumab: Real-World clinical data <i>Dr. Simona Simeonova</i>
12:10–12:25	The Importance of Rare Disease Registries – What we've learned from the Cystic Fibrosis Registry <i>Assoc. Prof. Gergana Petrova</i>
12:25–12:40	Discussion
12:40–13:40	Lunch
13:40–16:10	Scientific Session HEMOSTASIS-DISORDERS IN WOMEN <i>Moderators: Prof. Ekaterina Uchikova, Assoc. Prof. Anna Pavlova</i>
13:40–14:00	Glanzmann thrombasthenia. Pregnancy and childbirth <i>Prof. Ekaterina Uchikova</i>
14:00–14:15	Successful outcome of pregnancy in a patient with congenital thrombocytopenia <i>Prof. Violeta Dimitrova</i>
14:15–15:00	Von Willebrand disease <i>Assoc. Prof. Anna Pavlova</i>
15:00–15:15	Pregnancy and labor in a female with severe factor XII deficiency <i>Dr. Violeta Dejanova</i>

15:15–15:35	Inherited blood disorders and abnormal uterine bleeding in adolescence <i>Dr. Krum Vladov</i>
15:35–15:50	Application of tranexamic acid in bleeding disorders <i>Dr. Vasilena Cintsarska</i>
15:50–16:10	Discussion
16:10–16:30	Coffee break
16:30–18:40	Scientific Session THROMBOCYTOPENIAS <i>Moderators: Assoc. Prof. Vanya Slavcheva, Assoc. Prof. Iliana Micheva</i>
16:30–16:50	Fetal and neonatal alloimmune thrombocytopenia – diagnosis and management <i>Dr. Hristina Andreeva, Dr. Siw Ernsten</i>
16:50–17:10	Neonatal thrombocytopenia – diagnostic and therapeutic challenges <i>Prof. Maria Spasova</i>
17:10–17:30	Immune thrombocytopenia – from diagnosis to treatment <i>Dr. Yonka Lazarova.</i>
17:30–17:45	COVID-19 and thrombocytopenia <i>Assoc. Prof. Vanya Slavcheva</i>
17:45–18:00	Modern therapeutic options for ITP <i>Dr. Merlin Ephraim</i>
18:00–18:15	Long-term efficacy of Romiplostim for the treatment of immune thrombocytopenia <i>Dr. Lachezar Bogdanov</i>
18:15–18:35	Discussion
20:00	Dinner

Sunday, 19. 03. 2023

09:00–10:25	Scientific Session THALASSEMIA /Part I/ <i>Moderators: Prof. Maria Spasova, Dr. Angelina Stoyanova</i>
09:00–09:15	Current status of Thalassemia major patients in North Macedonia <i>Dr. Aleksandra Jovanovska, Dr. Zorica Antevska, Dr. Svetlana Kocheva</i>
09:15–09:30	Carrier status of beta thalassemia or iron deficiency anemia – the significance of erythrocyte parameters and indications for differential diagnosis <i>Dr. Hristina Hristozova</i>

09:30–09:45	Interpretation of laboratory results – a key factor for prevention of severe hemoglobinopathies <i>Dr. Mirela Rangelova</i>
09:45–10:00	Genetic diagnosis of beta-thalassemia in Bulgaria <i>Dr. Silvia Andonova</i>
10:00–10:15	Endocrine Problems in Bulgarian Patients with Thalassemia Major: Focus Growth <i>Prof. Iva Stoeva</i>
10:15–10:25	Disorders of glucose metabolism in thalassemia – the role of CGM <i>Dr. Iskra Modeva</i>
10:25–10:40	Coffee break
10:40–12:40	Scientific session THALASSEMIA /part II/ <i>Moderators: Dr. Denka Stoyanova, Dr. Mirela Rangelova</i>
10:40–10:55	The role of magnetic resonance imaging for the evaluation of organ iron accumulation <i>Dr. Elena Ilieva</i>
10:55–11:10	Rhythm disorders in transfusion-dependent thalassemia <i>Dr. Victoria Naydenova</i>
11:10–11:25	Alloimmunization in patients with beta-thalassemia – risk factors, prevention, and treatment methods <i>Dr. Liliya Ivanova</i>
11:25–11:40	Renal complications in thalassemia <i>Dr. Simona Simeonova</i>
11:40–11:55	Hepatic complications in thalassemia <i>Dr. Denitsa Kofinova</i>
11:55–12:25	Combined chelation therapy in thalassemia – is it gaining ground in our country? <i>Dr. Denka Stoyanova</i>
12:25–12:40	Thalassemia through the eyes of the patient <i>Iliana Parvanova</i>
12:40–12:50	Closing
13:00	Departure (lunch packages)
