**XVI**

**NATIONAL CONGRESS**

**OF PEDIATRICS**

WITH INTERNATIONAL PARTICIPATION

DEAR COLLEAGUES,

The **XVI National Congress of Pediatrics** will be held with international participation on the initiative of *the Bulgarian Pediatric Association*, during the period of **19–22 September 2024**, in the conference center of the Rila hotel, Borovetz.

This significant forum in the field of pediatrics is being held every 3 years since 1963 and traditionally gathers over 500 participants – pediatricians, general practitioners, colleagues from all pediatrics-related fields, and healthcare specialists from children’s clinics and departments throughout the country. In the upcoming edition, we strive to present the current achievements in the field of pediatric science as well as practice from recent years through the experience and scientific developments of the leading specialists from the country and abroad.

In the various scientific sessions, we will present the novelties from all subspecialties of pediatrics, as well as from other specialties to what concerns their pediatric-oriented part.

We are especially looking forward to encouraging our young colleagues to get actively involved by presenting their work in the poster sessions.

Special attention will also be paid to the discussions, in which all Congress delegates will have the opportunity to participate.

On behalf of the Management Board of the Bulgarian Pediatric Association and the Organizing Committee of the Congress, I am pleased to invite you to join as delegates or partners in the **XVI-th National Congress of Pediatrics** with international participation – the largest and most prestigious event for Bulgarian pediatricians in 2024.

*Prof. Ivan Litvinenko, MD*
